

Weekly Update

FRIDAY, SEPTEMBER 4, 2026

PBP PALLISER-BAYVIEW-PUMPHILL
COMMUNITY ASSOCIATION

Your community... Yours to Enjoy!

Here's What's Happening!

As summer winds down and schools reopen for another year, our thoughts turn to building our membership, and introducing activities that will make our hall the centre of your community.

This is your hall, and we want to offer events that you want and will support. For kids, we are planning to expand the number of workshops, and introduce youth groups with activities that will be fun and prepare them to be the smart, responsible leaders of the future.

For adults, there will be new opportunities where you can meet your neighbours and have a good time without blowing your budget. We look forward to seeing you!

Work is underway to completely revamp our web pages and social media presence. This Weekly Update is only the start! Stay with us, or better yet, drop by with your ideas. Our hall is open for you with hot coffee on Saturday mornings at 10.

Home Alone

Training for Kids Ages 9 - 12

SECOND SESSION

BACK BY POPULAR DEMAND!

This interactive program prepares youth for the all-important responsibilities of being home alone safely. Without skills, this can be an uncomfortable and unsafe situation.

The course is conducted by the professionals from Child Safe Canada. Children receive a workbook, and a certificate upon successful completion.

Children will:

- Understand the responsibilities of being home alone.
- Consider safe choices for all appliances, microwave, stove, oven, toasters, etc.
- Identify hazards within the home and consider appropriate injury prevention.
- Explore responsibilities while home alone, chores, coming and going, answering doors and telephones, handling floods, etc.
- Practice first aid treatments and prevention of burns and cuts.

The children will engage in role playing, discussions, workbook and related games to address each of the course objectives. Each class may be altered to meet the needs of the group.

Looking Ahead...

Our first board meeting after our summer break will be held this next week. Anticipated discussions will include what activities we will be working on over the fall and winter seasons.

Last December, we hosted our Mingle and Jingle event which was very successful, due to the support of Aleta Terlecki, principal at Nellie McClung School. We expect this to be even bigger this year because we will also be including John Ware Junior Secondary School, and asking for their support. Schools and Community Associations should work together because we share common goals of making people smarter, stronger, and more successful.

For kids, there will be a continuation of our Home Alone workshops, with Babysitting, Making Friends, and Avoiding Bullies. For youths, we want to teach how to set life goals, money management, and selecting a career.

For adults we want to introduce First-Aid instruction, Automatic Emergency Defibrillator use, and how to use cell phones and computers for banking. We've also had requests for AI (Artificial Intelligence) training.

Our movie attendance has been growing and we anticipate 20 people most Sunday evenings by year end. More people are attending Cribbage, but we plan to introduce other games with lessons on Canasta, Bridge, Chess and whatever members want.

We need more members, and more volunteers to help with all of our activities. There is plan to get more people out and you can expect an announcement in the next couple of weeks.

This is your community association. We are volunteering our time to bring good things to you. If there is anything you want to suggest, we are all ears. We can't do everything immediately but maybe you could steer us in the right direction.

You can reach me at 587-899-6616.
