Your community... Yours to Enjoy!

Here's What's Happening!

It's great to see the kids back at school after a summer recess. At PBP, we support our communities which include Nellie McClung School, that shares our playground.

This Friday the first of several Bottle Drives will be held in the school parking lot from 8 to 9 AM. The money raised goes to support field trips and purchase extra supplies for the school.

If you have some time on your hands and like children, Nellie McClung are also looking for more volunteers to help with the students.

Enjoy the Casino atmosphere? Wouldn't mind a free meal? Want to meet your neighbours? Nellie McClung are looking for a few more volunteers for October 8 and 9. Their casino sign-up is to the right. This is a huge fundraiser!

Volunteers Needed!

Almost every organization needs more volunteers. At PBP, we aren't the exception. We need people to help with our activities, no special skills are required. Whatever your interest, we can find you a place. I need help! Whether it's setting up tables, helping to pick movies, or teaching Ukrainian cooking, we can use you. We work together and will try to show you a good time.

NELLIE McCLUNG SCHOOL - CASINO

THURSDAY & FRIDAY, OCTOBER 8th & 9th at DEERFOOT INN & CASINO

Nellie McClung has the opportunity to raise more than \$90,000 at their upcoming, Casino. The opportunity comes around about every 2 years. It is by far the greatest fundraising opportunity. Volunteers don't need any experience!

The shifts are daytime, and evening, approximately 4-8 hours long. If you can help with just one shift, you alone could raise approximately \$2500.

Home Alone

Training for Kids Ages 9 - 12

SECOND SESSION

BACK BY POPULAR DEMAND!

This interactive program prepares youth for the all-important responsibilities of being home alone safely. Without skills, this can be an uncomfortable and unsafe situation.

The course is conducted by the professionals from Child Safe Canada. Children receive a workbook, and a certificate upon successful completion.

Children will:

- Understand the responsibilities of being home alone.
- Consider safe choices for all appliances, microwave, stove, oven, toasters, etc.
- Identify hazards within the home and consider appropriate injury prevention.
- Explore responsibilities while home alone, chores, coming and going, answering doors and telephones, handling floods, etc.
- Practice first aid treatments and prevention of burns and cuts.

The children will engage in role playing, discussions, workbook and related games to address each of the course objectives. Each class may be altered to meet the needs of the group.

Looking Ahead...

Our first board meeting after the summer break was held on September 8 where we discussed future activities.

Last December, we hosted our Mingle and Jingle event which was very successful, due to the support of Aleta Terlecki, principal at Nellie McClung School. We have set aside December 12 for a repeat. We expect this to be even bigger for 2026 because we will also be inviting John Ware Junior Secondary School students and their families. Schools and Community Associations should work together because we share common goals of making people smarter, stronger, happier and more successful.

For kids, there will be a continuation of our Home Alone workshops, with Babysitting, Making Friends, and Avoiding Bullies. For youths, we want to teach how to set life goals, money management, and selecting a career.

For adults we want to introduce First-Aid instruction, Automatic Emergency Defibrillator use, and how to use cell phones and computers for banking. We've also had requests for basic AI (Artificial Intelligence) training so we can better understand its use.

Our movie attendance has been growing and we anticipate 20 people most Sunday evenings by year end. More people are attending Cribbage, but we plan to introduce other games with lessons on Canasta, Bridge, Chess and whatever members want. Both activities have created a family-type atmosphere. We care about each other.

We need more members, and more volunteers to help with all of our activities. We are working on building our presence.

This is your community association. We are volunteering our time to bring good things to you. If there is anything you want to suggest, we are all ears. We can't do everything immediately but maybe you could steer us in the right direction.

You can reach me at 587-899-6616.
